Peonies

1926
*Descriptive
List*

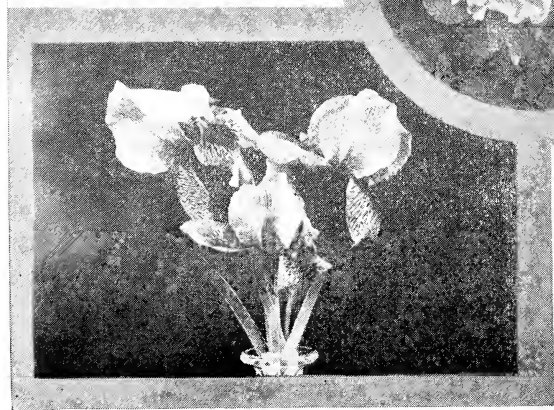

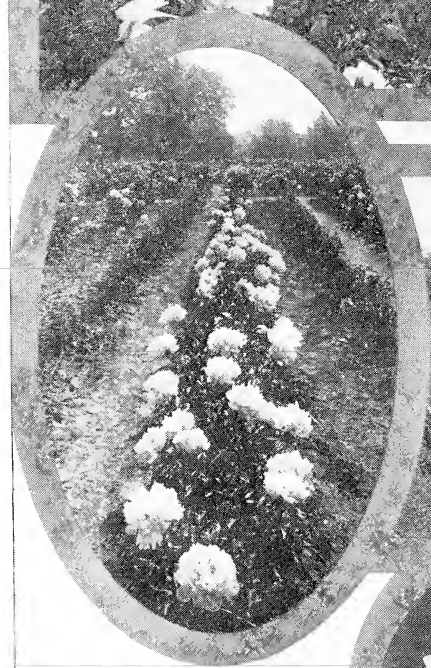

Lee R. Bonnewitz
Van Wert, Ohio

Another Peony Season

THE THRILL of another Peony season is at hand. From the time the early shoots push their way through the ground, during their entire growing season, and until King Winter tucks my favorites away for their well-earned rest, I am keenly interested in my garden. What an inspiration we gain when the cycle of our garden activities is climaxed in a glorious blooming season, and each plant vies with every other one in the garden to attract attention and to secure commendation in the color array. And when the weather is favorable, as it has been this season, and when the plants are healthy, robust and sturdy, apparently anxious for the "parade period," what an added pleasure is ours in anticipating the delights that are to be.

The Peony seasons in this locality, were not favorable for the past four years. Late frosts two years, a rainy spring another, and a hot and dry April and May another, have almost thwarted my desire to study my favorites when they were "on parade," and to record my observations in an issue of my Garden Notes. I have had so many requests for a continuation of my descriptive comments started in my Garden Notes Number Twelve, that I wish to resume them just as soon as my garden is favored with a really successful blooming season. And the present season seems to be the one adapted to my plans. Jubilee, Le Cygne, Martha Bulloch, Eugenie Verdier, Mrs. Edward Harding and all the rest seem to be determined to outdo the efforts of any previous season in preparing buds for a grand display. So the thrill of another Peony season is at hand, and I am preparing to make the most of a favorable opportunity to collect data on the newcomers in my garden and continue my descriptive comments in an issue of my Garden Notes to be published in early July. For fifteen years I have enjoyed the thrill of each Peony blooming season, but not one of them developed for me all the anticipated delights which I am confident await me during the next few weeks.

In the latter part of this booklet will be found a list of varieties, many of which are new and rare, that are now growing in my garden. It is my intention to try to get acquainted with everyone of them during the present blooming season so that I can describe them in my Garden Notes and offer many of them for sale in a supplementary list to be published after the blooming season.

CA Descriptive Peony List

- ADDELANCHEA (Brand)** \$10.00
"Creamy white, rose type, guard petals prominently flecked crimson and crown petals slightly so. Base of center petals yellow." This is one of the first Peonies originated by Mr. Brand, and it has made a reputation for itself in the Northwest.
- ADMIRAL TOGO (Hollis)** \$3.00
A fine shade of crimson which is very attractive, semi-rose type. We are not sure that this deserves to rank with Karl Rosenfield and Mary Brand, but the world certainly does need good red Peonies.
- ALICE HARDING (Lemoine)** \$100.00
"Tall, vigorous stems, very large flowers of the most perfect shape, broad petals of the best substance; cream white." Originally named "Amitie Americaine."
- A. M. SLOCUM (Franklin)** \$4.00
"A white, loosely built flower of rose type, very attractive. Central petals slightly edged crimson. Golden stamens intermixed throughout the petals give the flower a creamy effect. Good grower. Free bloomer." This is Mr. Franklin's description.
- A. P. SAUNDERS (Thurlow)** \$10.00
"Large flesh-white flowers changing to nearly pure white in center, guard petals sometimes marked carmine. Petals very long and curved, giving a magnolia bloom effect, except the center petals, which form a ball until the flower is well developed." This is Thurlow's description and we cannot improve upon it.
- ARLEQUIN (Dessert)** \$3.00
Broad guard petals white with a touch of pink. Center petals white with a touch of yellow. Anemone type. This is one of the very recent Dessert varieties. It has not yet shown outstanding quality in our garden.
- ASSMANSHAUSEN (Goos & Koenemann)** \$3.00
Pure snow-white. Large, loose flowers of flat rose type. Not yet in many American gardens.
- ARMANDINE MECHIN (Mechin)** \$1.00
An excellent bright red variety of medium size and splendid quality.
- AUGUSTE DESSERT (Dessert)** \$5.00
Deep rose, nearly red in color, with a silvery reflex; semi-double. M. Dessert, possibly the greatest Peony originator in the world, who originated Therese, has thought enough of this new variety to give it his own name. It should be one of the best Peonies in the world.
- AVIATEUR REYMOND (Dessert)** \$2.50
Deep rose-mauve with silvery reflex; semi-rose type. This variety shows the stamens and they add very much to its beauty.
- AVALANCHE (Crousse)** \$1.00
One of the world's best white Peonies. Very large and also very vigorous.
- BALL O'COTTON (Franklin)** \$7.50
Guard petals tinted flesh-pink. Center petals pure white. Fragrant; good, large bloom of rose type. I have in some seasons thought this variety to be nearly as good as Kelway's Glorious.

Lee R. Bonnewitz, Van Wert, O.

BARONESS SCHROEDER (Kelway) \$1.50

When this white Peony first opens it looks as if it had a pink silk veil over it, but if allowed to remain in the sun it quickly loses the pink effect, but remains a perfect rose-shaped, white Peony. One of the world's best.

BEAUTY'S MASK (Hollis) \$1.50

Blush white, tinged lilac, showing some pale yellow petaloids. This has for years been a good selling variety.

BERTRADE (Lemoine) \$3.00

An ivory-white Peony with a few carmine markings and with perfect stems. The blooms are nearly as large as Jubilee in size, and the quality of the petals is extremely good. Semi-rose type. This Peony is not yet fully appreciated.

BUNCH OF PERFUME (Kelway) \$2.00

A very tall, bright red Peony which has some lilac or blue in its color tone. Very striking when seen from a distance.

BUNKER HILL (Hollis) \$2.00

A bright tyrian-rose Peony, of rose type. Full double flowers with very wide petals.

CANDEUR (Dessert) \$3.00

Delicate silvery pink, slightly tinged lilac-rose.

CECILIA KELWAY (Kelway) \$1.50

The pink in this variety has a slight salmon tone and it has a few carmine markings; collar of very narrow white petals. Crown type. Very fragrant.

CHARLES McKELLIP (Brand) \$2.50

A large, loosely built, semi-rose type Peony. Color, a peculiar shade of deep, bright red. This variety grows in popularity every year.

CHARLES NEIDEL (Wettengel) \$2.50

Soft blush pink, flushed darker; semi-rose type. One of the newer varieties.

CHARLES SEDGWICK MINOT (Richardson) \$2.00

A good pink Peony; fragrant.

CHERRY HILL (Thurlow) \$5.00

A good deep red variety, semi-rose type. Probably the very best red Peony for landscape purposes.

CLAIRE DUBOIS (Crousse) \$1.00

Large petals of deep rose tinged mauve throughout and tipped silver. A favorite with Peony men who know many varieties.

CLEMENCEAU (Dessert) \$5.00

A late blooming variety with flowers of very deep rose or carmine color, the petals of which have a silver edge. Until recently this variety has been held at high prices on account of its great scarcity.

CORONATION (Kelway) \$2.50

Guard petals light pink, center petals creamy flesh; semi-rose type. This variety is in a class with the genuine "Miss Salway," for both of them are dainty instead of being bold.

CA Descriptive Peony List

- DAVID HARUM (Brand)**\$4.00
A large bright cerise-red bloom of crown type; fragrant. As the price of this variety is gradually becoming lower it will soon be seen in many gardens.
- DR. H. BÄRNSBY (Dessert)**\$2.00
Large, full-globular form. Red shaded crimson, with pronounced reflex. aLte. This variety is evidently perfectly adapted for a northern climate, as it was far better in Duluth than anywhere else I have ever seen it.
- E. B. BROWNING (Brand)**\$5.00
One of the most beautiful white Peonies in the world; of great size, but like Jubilee, it has a weak stem; valuable for cut flowers, but not for landscape plantings.
- EDWIN FORREST (Hollis)**\$2.00
A large bloom of deep brilliant crimson with silvery reflex; bomb type, fragrant. This has greater size than Philippe Rivoire but does not equal it in perfect shape.
- EDWIN C. SHAW (Thurlow)**\$12.50
Clear shell pink. Outer petals broad and rounded, sometimes slightly edged crimson. The petals are nearly the same length except the extreme center petals which are short. This gives a very pretty cupped shape and the general effect is one of elegance of form. In class with President Wilson.
- E. G. HILL (Lemoine)**\$2.50
Very large, medium globular, semi-rose type. Color, uniform light rose. This is an excellent landscape variety.
- E. J. SHAYLOR (Shaylor)**\$12.50
Globular, compact bloom of rose-pink, petals tipped lighter. This variety is very distinct because of the ring of golden edged and golden tipped petals. Strong upright stems of medium height. We regard this as one of the very best of the new Shaylor varieties.
- ELLA CHRISTINE KELWAY (Kelway)**\$1.00
Pink with a little lavender tint; semi-rose type. A good vigorous growing variety.
- ELWOOD PLEAS (Pleas)**\$3.00
Very large flat flowers of a very delicate pink. I have been able to keep this variety over a week as a cut flower, due, I believe, to the excellent substance in the petals. I believe this to be one of the most satisfactory Peonies on the market, and it won great distinction at the National Show in Cleveland a few years ago.
- EMILIE HOSTE (?)**\$2.00
A very large white variety, which needs support in the garden.
- ENCHANTMENT (Hollis)**\$1.50
A pale lilac-rose Peony of drooping habit, which withstood the freezing weather of very late May last year better than any other variety.
- ENCHANTERESSE (Lemoine)**\$4.00
A very valuable white variety which blooms at the end of the season; splendid rose-shaped bloom on tall, stiff stems. It is being appreciated more and more each year.

Lee R. Bonnewitz, Van Wert, O.

- ESTAFETTE (Dessert)**\$1.50
Deep rose color with silvery reflex; semi-rose type. The blooms on this variety are held very gracefully.
- ETTA (Terry)**\$1.50
Exceptionally large, semi-flat flowers of a very fine shade of deep pink. One of the best of the Terry varieties.
- EUCHARIS (Lemoine)**\$2.00
A small white Peony of very superior quality.
- EUGENE BIGOT (Dessert)**\$1.00
A red Peony in a class with Felix Crousse and Karl Rosenfield.
- EUGENE VERDIER (Calot)**\$1.50
A large, pink Peony with splendid stiff stems; rose type. Excellent for landscape use and also as a cut flower.
- EUGENIE VERDIER (Calot)**\$1.50
Delicate flesh pink. This variety has larger blooms than Eugene Verdier and the stems are longer and somewhat drooping.
- EUNICE SHAYLOR (Shaylor)**\$10.00
Ivory white blooms, slightly flushed pink when first open. This variety is still very scarce.
- EVANGELINE (Lemoine)**\$2.50
A light mauve-pink Peony with carmine markings in the center; rose type. The size of the bloom is large, and the quality of the petals very much above the average.
- EVENING GLOW (Hollis)**\$2.00
A mauve-pink Peony of rose type which has the fragrance of a rose. The stems hold the blooms well, and the variety is excellent for use in landscape work.
- E. W. BECKER (Franklin)**\$5.00
A large, semi-double, light pink Peony with prominent yellow stamens. This variety has not yet bloomed up to our expectations and we do not yet advise its purchase.
- EXQUISITE (Kelway)**\$3.00
A good, clear pink Peony of semi-rose type. This is a good landscape variety, and also good as a cut flower. Some years ago Mr. Shaylor selected this for me as one of the best Peonies in the world, and it still holds its place in my esteem.
- FANNY CROSBY (Brand)**\$2.50
This Peony has guard petals of a delicate pink shade, and center petals of deep lemon yellow with some white spots. Crown shape. It does not seem to us as good as Primevere.
- FARIBAULT (Brand)**\$2.50
A deep rose-colored Peony with a silver sheen; collar a trifle lighter than the guards; center petals silver tipped.
- FESTIVA MAXIMA (Miellez)**\$1.00
Pure white with bright carmine flakes on edges of center petals; rose type and very fragrant. Splendid size bloom, but the stems are not strong enough to hold them erect in the garden. Excellent for interior decoration.

CA Descriptive Peony List

- FLAMBEAU (Crousse)**\$1.50
The name of this Peony, 'Flambeau,' means "torch." We can well see how the vivid rose color of this Peony suggested its name. The blooms are large, rather loose, of semi-rose type, on strong tall stems.
- FLORENCE NIGHTINGALE (Brand)**\$1.00
One of Brand's good medium-sized white Peonies which has an occasional tracing of red.
- FRANCES SHAYLOR (Shaylor)**\$3.00
A splendid large white Peony with a row of incurved yellow stamens about mid-way distant from the center. This is, we believe, one of the best of the Shaylor varieties.
- FRANCES WILLARD (Brand)**\$2.50
A large blush white Peony with some carmine markings. Semi-rose type; fragrant. We believe this comes as near being a perfect Peony as any variety we know.
- GALATHEE (Lemoine)**\$3.00
An extremely light pink Peony which blooms very late in the season; stiff stems and large blooms. Can be used to excellent advantage on the landscape.
- GEORGE HOLLIS (Hollis)**\$2.00
A tall late variety of splendid carriage; lilac-rose color.
- GEORGE WASHINGTON (Hollis)**\$2.00
A dark crimson Peony of medium height, which has very beautiful foliage nearly as striking and artistic as Madame Gaudichau.
- GEORGIANA SHAYLOR (Shaylor)**\$3.00
A pale rose-pink Peony with some crimson on the center petals; semi-rose type. This variety in many seasons gives as good bloom as Therese.
- GERMAINE BIGOT (Dessert)**\$1.50
A large, excellent, pink Peony, with lighter flesh-colored tints in the center, and some carmine markings; semi-rose type. Very much like the famous and expensive variety, President Wilson.
- GINETTE (Dessert)**\$2.50
Large blooms of deep flesh, with salmon tints at base of petals. A French Peony of recent origin which sometimes approaches Therese in quality, and whose roots make rapid growth.
- GISMONDA (Crousse)**\$1.50
Globular, flesh-colored flowers; delicate rose center. Somewhat striking in appearance.
- GLOIRE DE TOURAINE (Dessert)**\$1.50
Extra-double flowers; fine bright red, shaded purple. Very late flowering; opens well. Like Sops of Wine, it is valuable for its very late blooming season.
- GRANDIFLORA (Richardson)**\$1.50
A beautiful light pink Peony which sometimes equals Milton Hill in quality; its blooming time is so late that it is seldom seen in Peony shows. It will probably be of great value as a cold storage Peony to be marketed in August and September.

Lee R. Bonnewitz, Van Wert, O.

- GROVER CLEVELAND (Terry)**\$1.50
A large dark crimson Peony of rose type, considered one of the very good red varieties.
- H. A. HAGEN (Richardson)**\$2.00
A bright clear pink Peony of rose type, whose color tone is especially pleasing because it slightly resembles Walter Faxon.
- HAPPY DAY (Hollis)**\$2.00
A pink landscape variety which gives a very pleasing effect when planted in mass. Medium size; double.
- HARRIET FARNSLEY (Brand)**\$1.50
A beautiful soft pink Peony of rose type.
- HARRIET BEECHER STOWE (Hollis)**\$2.50
Cream white, showing yellow stamens; semi-rose type.
- HELEN WOLAVER (Brand)**\$1.50
One of Mr. Brand's lilac pink double Peonies which is very desirable on account of its beauty while the bud is opening.
- HENRY AVERY (Brand)**\$3.00
Light pink, medium height, mid-season. General color effect pink and creamy white. Guard petals large and prominent enclosing a great ball of large, rose-type petals of the same even color as the guards. Between the guards and the central petals is a very distinct collar, from an inch to an inch and a half in width, of deep bright yellow petals. Fragrance delicate and very pronounced.
- H. F. REDDICK (Brand)**\$1.50
Dark crimson flowers with silvery reflex; semi-rose type. This variety is growing in popularity.
- ISOLINE (Lemoine)**\$3.00
White tinted cream, with some crimson markings in the center and a collar of narrow yellow petals. Large bloom; fragrant.
- JAMES BOYD (ThurLOW)**\$7.50
A large flesh-colored Peony, shading to yellow at base of petals and changing to white; rose type. Still very scarce.
- JAMES KELWAY (Kelway)**\$1.50
This was by far the finest Peony I saw in any of the English gardens four years ago.
- JEANNE GAUDICHAU (Millet)**\$2.00
A white Peony with a pink tone in it; the flowers are large and somewhat globe shaped.
- JEANETTE OPPLINGER (Brand)**\$1.00
A salmon-pink Peony with deep shadings of rose at base of petals. Mid-season. Not as good as Walter Faxon.
- JEANNOT (Dessert)**\$10.00
Cup-shaped flowers of soft shell pink, slightly tinted lavender. Salmon-pink lights at base of petals. This splendid pink Peony blooms late in the season, usually at the same time as President Wilson, and may prove as valuable a variety as Therese.

CA Descriptive Peony List

- JOHN RICHARDSON (Richardson)**\$2.00
A large, compact, flat rose-type Peony with lilac-pink color; tall and very satisfactory.
- JUBILEE (Pleas)**\$3.00
The best white Peony for cut flowers I have ever seen; not good as a landscape variety because its stems are too weak. At two National Peony Shows it received the highest honors, winning over all other varieties for the best six blooms in the show. Originally sold at twenty-five dollars a root, but as it increases very rapidly it can now be sold at a popular price, and should be the best selling variety in the country.
- KARL ROSENFELD (Rosenfield)**\$1.00
One of the most famous red Peonies in the world; a very prolific bloomer; excellent quality. We are glad to recommend it.
- KATHERINE HAVEMEYER (Thurlow)**\$12.50
A large flesh-pink Peony of rose type; guard petals broad and rounded, somewhat notched at the ends, center petals narrow and fringed, full high center. Mid-season to late. This variety is very scarce.
- KELWAY'S BRIDESMAID (Kelway)**\$1.00
A very delicate flesh-pink Peony, good for cut flowers, and it is also a good landscape variety.
- KELWAY'S FALSE QUEEN (Kelway)**\$1.00
A better landscape variety than the true Kelway's Queen. It is full rose shape and deep rose-pink in color.
- KELWAY'S GLORIOUS (Kelway)**\$15.00
A large, fragrant, cream-white Peony tinted light pink; rose type. This is probably the finest white Peony in the world, although it has not quite as high a rating as Le Cygne; it is somewhat difficult to grow but when once established, produces immense blooms in great quantity.
- KONIGSWINTER (Goos & Koenemann)**\$4.00
A double Peony of compact form which has soft lilac-pink blooms carried on tall strong stems.
- LA COQUETTE (Guerin)**\$1.00
A rose-pink Peony with a collar of narrow petals of lighter pink; crown type.
- LAFAYETTE (Dessert)**\$2.00
A large, fragrant, beautiful pink Peony of rose type. This variety approaches the Walter Faxon color which is so much appreciated, and we give it our approval as an extra good variety.
- LA FEE (Lemoine)**\$12.50
Guard petals light rose; center petals lighter pink fading almost to white. Rose type. We never have been able to supply the demand for this variety, and we have very few divisions to offer this year.
- LA FIANCEE (Lemoine)**\$2.00
A creamy white Peony with some carmine markings on edge of center petals; semi-rose type. This is a comparatively new Lemoine variety which has seldom been exhibited in a National Show. This Peony is altogether different from the variety of the same name originated by M. Dessert, which is a single, while this is semi-double.

Lee R. Bonnewitz, Van Wert, Ohio

- LA FRANCE (Lemoine)**\$5.00
An excellent, large size, good soft pink Peony of full rose type, which is quite scarce. The color in this variety is often described as apple blossom pink.
- LA PERLE (Crousse)**\$1.50
A good, light mauve-pink Peony of rose type and rose fragrance.
- LA ROSIERE (Crousse)**\$1.00
A dainty variety with semi-double white blooms, having yellow tints like a tea rose. While this variety does not have as much of a water lily effect as Marie Jaquin, yet it does carry the same idea of purity.
- LA TENDRESSE (Crousse)**\$1.50
A creamy white Peony, changing to pure white; guards slightly splashed, center flecked crimson; rose type. Petals very thick and wax-like.
- LADY ALEXANDRA DUFF (Kelway)**\$3.00
Outer petals pale rose, gradually shading lighter toward the center to a rosy white, some carmine markings; semi-rose type. Probably the most famous Peony in the world, and for years sold at twenty-five dollars a root; it is excellent for landscape and cut flower purposes. The main blooms are double, and the side blooms are usually single or semi-double, and somewhat resemble delicate pink water lilies.
- LADY CARRINGTON (Kelway)**\$2.00
Silvery-rose, washed almost white at edge of petals. Semi-rose type; fragrant.
- LADY EMILY (Pleas)**\$1.50
One of the most vigorous pink Peonies in our entire collection; the plants grow very tall and produce bloom of extra size and quality.
- LAMARTINE (Calot)**\$1.00
A large pink mauve Peony with a deeper center and outer petals shading to pale pink. Rose type.
- LAMARTINE (Lemoine)**\$3.00
Full, evenly formed bloom of deep rose color, ends of petals tipped white. Strong stems. Still quite scarce.
- LAURA DESSERT (Dessert)**\$6.00
This is probably the best yellow Peony in the world; it is very similar to Primevere, but I believe this variety has the better carriage. The bud must be covered with a paper bag to keep the sun from bleaching the color, and the bag should not be removed until the cut bloom is taken indoors.
- LE CYGNE (Lemoine)**\$7.50
A pure white Peony of superb quality and with splendid stems; it has the highest rating of any Peony in the world; it multiplies very slowly and is consequently scarce and will probably not soon decrease very much in price.
- LIVINGSTONE (Crousse)**\$1.00
An excellent light pink variety which blooms very late in the season.

CA Descriptive Peony List

- MIDSUMMER NIGHT'S DREAM (Pleas)**\$2.00
An ivory-white Peony with a pale yellow center which is nearly as large as Jubilee. It multiplies rapidly so we can now supply it at a modest price.
- MARCELLE DESSERT (Dessert)**\$1.00
A white Peony of crown type; fragrant.
- MARGUERITE GERARD (Crousse)**\$1.00
A pink semi-rose type Peony which blooms in mid-season and which has a very refined appearance. The yellow stamens distributed among the petals give it a glint of gold.
- MARIE CROUSSE (Crousse)**\$1.50
A beautiful medium-sized Peony of an entrancing shade of shell pink. Crown type; fragrant. The opening buds should be kept covered with a bag and uncovered only when taken indoors.
- MARIE HOUILLON (Calot)**\$1.00
A very large white Peony which blooms on tall stems and which must be supported while growing in the garden.
- MARIE JACQUIN (Verdier)**\$1.50
Very delicate flesh-pink shading to almost white; semi-rose type. The most perfect "Water Lily Peony" in existence; with extra good care it develops into a full double bloom of wonderful size and quality.
- MARQUIS C. LAGERGREN (Dessert)**\$1.50
A cherry-red Peony which blooms in mid-season. Flowers borne in clusters on stiff upright stems, which make it an excellent variety for mass planting.
- MARY BRAND (Brand)**\$1.50
One of the best red Peonies in the world. Possibly even a little better than Karl Rosenfield. Good for landscape use and also for cut bloom.
- MARTHA BULLOCH (Brand)**\$6.00
This is, we believe, the very largest pink Peony in the world, and the demand for it is so great that we have never been able to satisfy it. It is not quite so refined in appearance as Therese and Jeannot but it exceeds both of them in size.
- MARY WOODBURY SHAYLOR (Shaylor)**\$12.00
A semi-rose type Peony with guard petals of light shell-pink and center petals of creamy yellow tinted salmon; very fragrant. Ever since this Peony was introduced, it has been in the list of scarce, high-priced varieties.
- MARGUERITE GAUDICHAU (Millet)**\$2.00
Very delicate shell-pink petals, rather incurved, interspersed with an irregular ring of yellow stamenodes. Fragrant; late.
- MAUD L. RICHARDSON (Hollis)**\$2.50
A very satisfactory, large, flat, pale lilac-rose Peony with very long stems, which blooms at the end of the season; rose type.
- MIDNIGHT (Brand)**\$1.50
A semi-double, deep crimson Peony.

Lee R. Bonnewitz, Van Wert, Ohio

- LONGFELLOW (Brand)**\$4.00
A red Peony with a distinctive color of its own. Crown type; very fragrant. For years it has been difficult to supply the demand for this desirable variety.
- LORA DEXHEIMER (Brand)**\$2.50
This variety is considered by some authorities to be the very best red Peony originated by Mr. Brand, better even than Longfellow, but it has not yet attained as great popularity as Longfellow.
- LORD KITCHENER (Renault)**\$2.00
A bright cerise-red Peony of crown type; fragrant.
- LOVELINESS (Hollis)**\$2.50
A very beautiful late mid-season pink Peony which shades to lilac-white; very desirable. Very much like the variety, George Hollis.
- LUCY E. HOLLIS (Hollis)**\$1.50
A very late variety with delicate lilac-pink colorings, not as tall as Galathee, which is also an extremely late pink variety.
- LUETTA PFEIFFER (Brand)**\$7.50
A large light pink Peony with long, broad petals of excellent quality; semi-rose type; early blooming. We believe this to be a very valuable variety.
- MME. BENOIT RIVIERE (Riviere)**\$2.00
A large, delicate pink Peony of crown type with a collar of very narrow yellow petals.
- MME. D. TREYERAN (Dessert)**\$1.50
A delicate flesh-pink Peony, dotted carmine. Semi-rose type.
- MME. DE VATRY (Guerin)**\$1.00
Very large, finely formed bloom, delicate lilac white guards and crown; sulphur-white collar, center petals marked carmine. Crown type; mid-season. Splendid cut flower variety.
- MME. FRANCOIS TOSCANELLI (Riviere)**\$3.00
A good, delicate pink Peony shading to salmon-pink and white. Rose type; very fragrant.
- MME. GAUDICHAU (Millet)**\$7.50
A very, very dark red Peony of loose formation and splendid coloring, probably better even than M. Martin Cahuzac. The foliage of this variety is beautiful early in the season on account of its extremely dark color. We believe it to be quite scarce, and that the demand for it will increase.
- MME. JULES DESSERT (Dessert)**\$3.00
A flat, white Peony, shaded flesh-pink and cream; guard petals show some carmine markings, semi-rose type, usually considered to be an improvement upon the splendid standard variety, Eugenie Verdier.
- MME. MANCHET (Dessert)**\$2.00
A cup-shaped rose-pink Peony which is valuable because it blooms very, very late in the season. It may displace Livingstone in favor.

CA Descriptive Peony List

- MABEL L. FRANKLIN (Franklin)**\$5.00
A very good light pink Peony, deeper in center; inner petals slightly edged carmine. This Peony looks like an extremely large rose, and has the fragrance of a rose. It may be the best of the Franklin introductions.
- MILTON HILL (Richardson)**\$4.00
A very late blooming variety of excellent soft pink color, which took the first prize at the National Show in Des Moines.
- MIRIAM (Chase)**\$2.00
A full double pink variety which gives excellent bloom and satisfactory increase.
- MLLE. ROUSSEAU (Crousse)**\$1.50
Sulphur white with a touch of pink; semi-rose type.
- MLLE. JEANNE RIVIERE (Riviere)**\$1.50
A delicate pink Peony with a few carmine markings on edge of center petals and with a pronounced yellow collar; fades to white. Crown type; fragrant; good.
- MONT BLANC (Lemoine)**\$2.50
Extremely large, milk-white flowers, very full double; petals of medium width fringed at tips, giving a feathery appearance. This variety somewhat resembles Jubilee in the arrangement of its petals, but has stronger stems.
- MODELE DE PERFECTION (Crousse)**\$1.00
A very satisfactory late mid-season pink Peony which follows M. Jules Elie in blooming season.
- M. JULES ELIE (Crousse)**\$1.00
A very large mauve-rose Peony with silvery reflex; shaped somewhat like an immense Chrysanthemum.
- M. MARTIN CAHUZAC (Dessert)**\$2.50
A very dark red Peony of semi-rose type; sometimes called the "Black Peony."
- MRS. A. G. RUGGLES (Brand)**\$4.00
Large, flat, semi-rose. Ground color white, delicately suffused with lilac, gradually fading to white. Very late.
- MRS. EDWARD HARDING (Shaylor)**\$20.00
One of the best white Peonies in the world carried on stiff, tall stems. The plant grows several inches taller than many other varieties. This is the original "hundred dollar" Peony.
- MRS. JOHN M. LEWIS (Lewis)**\$3.00
Large, compact, globular, rose type. Very dark ox-blood-red, with rich, velvety shadings. One of the newer red Peonies which is not yet growing in many American gardens.
- MRS. M. P. CLOUGH (Shaylor)**\$4.00
Large flowers of pink color with a slight suggestion of salmon. One of the many excellent Shaylor varieties.

Lee R. Bonnewitz, Van Wert, Ohio

NINA SECOR (Secor) \$10.00

A very tall, late blooming, white Peony which is in a class with Enchantresse, and which may possibly be superior to that variety. Large size; good strong stem; blooms very late in the season.

NYMPHAEA (Thurlow) \$4.00

A semi-rose type Peony with guard petals of excellent quality and very delicate pink colors; center petals of creamy white; fragrant.

OCTAVIE DEMAY (Calot) \$1.00

Guard petals, delicate flesh-pink; collar of narrow white petals surround center petals which are a deeper pink; fragrant; excellent variety.

OPAL (Pleas) \$2.00

An excellent pink Peony of large size which approaches Jubilee in quality. We recommend its purchase by both experts and beginners.

OTHELLO (Lemoine) \$2.00

Deep crimson with silvery reflex; semi-rose type. This is the darkest red Peony which Lemoine has placed on the market.

PALLAS (Terry) \$5.00

Long, delicate pink-mauve petals shading to white in center. Large bloom; rose type; scarce.

PARADISE (Hollis) \$7.50

A delicate lilac-rose Peony with a lilac white center; rose type. We place this variety in a class with the true "Miss Salway."

PASTEUR (Crousse) \$1.50

Large flowers of very delicate shell-pink with soft yellow lights at base of petals; mid-season. This pink variety very much resembles the form and shape of the white variety, Jubilee.

PERRETTE (Dessert) \$3.50

White, tinged flesh-pink; some carmine markings; semi-rose type. One of the new French Peonies which blooms very freely.

PETITE RENEE (Dessert) \$1.00

A deep rose-pink Peony of semi-rose type, which sometimes carries semi-rose shape blooms and Japanese type blooms at the same time.

PHILIPPE RIVOIRE (Riviere) \$12.00

A medium sized, brilliant crimson Peony of rose type and rose fragrance; considered the best red Peony in existence. There is more demand for this rare red Peony than for any of the other scarce red varieties.

PHOEBE CARY (Brand) \$3.50.

A light mauve-pink Peony, deeper color in the center. Rose type; fragrant. This variety has for the last few years been in great demand among collectors of fine Peonies.

PIERRE DUCHARTRE (Crousse) \$2.00

Evenly colored, deep shell-pink flower with very broad, rounded petals. Stems strong and upright. Very late.

A Descriptive Peony List

- PHYLLIS KELWAY (Kelway)**\$4.00
A very large, semi-rose type Peony of loose formation; the large petals of most excellent quality usually show several tones of pink shading into each other most harmoniously. Semi-rose type. One of the best.
- PIERRE REIGNOUX (Dessert)**\$1.50
A bright rose-pink Peony of semi-rose type; fragrant.
- POETE F. MISTRAL (Riviere)**\$1.50
A good Peony with guard petals of rosy-mauve and center petals shading from flesh-pink to salmon; deep rose color in the center. Crown type.
- PRESIDENT TAFT—See Reine Hortense**
- PRESIDENT WILSON (Thurlow)**\$30.00
Soft rose pink, changing to shell pink as the flower opens, crimson markings occasionally on guards. Late.
- PRINCE OF DARKNESS (Brand)**\$1.50
A rich, dark maroon Peony, petals slightly fringed with dark shadings on the edges. Large, loose, semi-rose type.
- PRIMEVERE (Lemoine)**\$2.00
Guard petals deep creamy yellow; center petals sulphur yellow. Bomb type. Many Peony enthusiasts regard this as the best yellow Peony. The expanding buds should be kept covered with a paper bag until taken indoors.
- RACHEL (Lemoine)**\$4.00
A soft flesh-pink Peony with blooms of medium size borne on strong, erect stems. This Peony is supposed to be quite an improvement upon the very famous variety, La Perle.
- RAOUL DESSERT (Dessert)**\$5.00
A late mid-season Peony of clear mauve-pink which fades to silvery white. This Peony responds to extra care, and when conditions are perfectly adapted to its growth, it surprises us with its extra size and beauty.
- RAUENTHAL (Goos & Koenemann)**\$3.00
Soft lilac with silvery touch.
- REINE HORTENSE (Calot)**\$2.00
A good pink Peony with some carmine markings; semi-rose type; sometimes sent out under the name of President Taft; excellent landscape variety.
- RENEE MARIE (Dessert)**\$4.00
A good, flesh-pink Peony shading to white. Some carmine markings in center. Semi-rose type.
- ROSA BONHEUR (Dessert)**\$3.00
A rather dwarf Peony which produces blooms of soft rose-pink; rose type; fragrant. The demand for this variety is usually greater than the supply.
- ROSETTE (Dessert)**\$3.00
A good, very early shell-pink Peony with some carmine markings. Rose type; an improvement on Umbellata Rosea. It will undoubtedly be largely grown as a "Decoration Day" Peony.

Lee R. Bonnewitz, Van Wert, Ohio

- ROSE SHAYLOR (Shaylor)**\$15.00
A very good, large, flesh-pink Peony with some carmine markings on guard petals; rose type.
- R. P. WHITFIELD (Richardson)**\$1.00
A very late blooming pink variety which somewhat resembles La France.
- RUTH BRAND (Brand)**\$1.00
A mauve-pink Peony with the petals edged silver; bomb type.
- SARAH BERNHARDT (Lemoine)**\$1.50
A very large, delicate shell-pink Peony of excellent quality; semi-rose type. One of the best late pink varieties.
- SARAH K. THURLOW (Thurlow)**\$15.00
Large size, broad rounded guard petals of flesh-white or pearly white, with deeper heart of soft blush with faint salmon shades. Stiff stems and good foliage. Somewhat resembles Tourangelle in form. Late.
- SECRETARY FEWKES (Shaylor)**\$4.00
A good, creamy white Peony with a delicate pink tint; rose type; rose fragrance. Very much like Mabel L. Franklin, except the color.
- SERENE (Franklin)**\$4.00
Full, rose type, medium size, pure white with edging of carmine on central petals. Upright, stiff stems.
- SOLANGE (Lemoine)**\$3.00
Extra large flowers with broad rounded petals of very fine form. Petals waxy cream, deepening to a golden tan. The quality is of the very highest, and this variety won the prize for the best bloom in the National Peony Show at St. Paul, Minnesota.
- SOPS OF WINE (Secor)**\$3.00
A very, very dark red Peony which blooms at the end of the season. Some seasons it shows good quality; other seasons the blooms do not open perfectly.
- SOUV. DE LOUIS BIGOT (Dessert)**\$4.00
A very superior rose-pink Peony, lighter at edges of petals, semi-rose type; fragrant. The color is similar to Walter Faxon and the bloom is larger.
- SOUV. DE FRANCOIS RUITTON (Riviere)**\$2.00
A splendid landscape variety with blooms of bright cherry red.
- STRASSBURG (Goos & Koenemann)**\$2.00
A silvery-lilac-pink Peony of very compact shape.
- SUPREME (Hollis)**\$2.00
A good, large, pink Peony about the shade of Therese. Semi-double. Blooms very late in the season, and is probably a good variety for extreme northern latitudes; not good for the south.
- SUZETTE (Dessert)**\$1.50
A medium sized Peony with blooms of such a bright rose that we invariably speak of it as flame colored.

CA Descriptive Peony List

- SULLY PRUDHOMME (Crousse)**\$1.00
A very flat light pink Peony which blooms in mid-season and which sometimes produces as large blooms as Jubilee.
- THE GEM (Pleas)**\$2.00
Blooms of bright crimson with some silvery reflex on the petals; medium size; rose type.
- THERESE (Dessert)**\$3.00
A very large pink Peony of perfect shape which is usually considered the best pink Peony in the world; rose type.
- THOMAS C. THURLOW (Thurlow)**\$20.00
"A salmon-flesh Peony which shades to white. Guard petals broad and collar of narrower petals or broad petaloids tinted and edged yellow, giving a delicate coloring. The extreme center is made up of short yellow petaloids surrounded by a ring of cup-shaped petals edged yellow. Mid-season." Thurlow's description.
- TOURANGELLE (Dessert)**\$2.50
Delicate creamy white with deeper salmon shadings at base of petals. Similar to Marie Crousse, but larger in size and usually with longer stems. The expanding buds should be kept covered with a paper bag until the stems are cut, and the flowers taken indoors.
- TRAGEDY (Hollis)**\$3.00
A very dark red Peony, tall, erect, and free bloomer. Mid-season.
- UMBELLATA ROSEA (Dessert)**\$1.00
A pink and white Peony which usually blooms one day earlier than any other variety in my garden; splendid upright stems. Usually considered valuable for growers who supply flowers for Decoration Day.
- VENUS (Kelway)**\$1.50
A good, pale pink Peony with a collar of a lighter shade; crown type.
- VICTOIRE DE LA MARNE (Dessert)**\$3.00
Deep rose-pink, approaching magenta; outer petals slightly deeper than center ones; petals tipped silver. Semi-rose type. Very few Peonies produce as large bloom as this variety.
- WALTER FAXON (Richardson)**\$4.00
A medium sized Peony whose blooms are of a peculiar shade of pink, sometimes spoken of as shrimp-pink or coral-pink; there is probably less violet or lilac in this Peony than in any other; usually spoken of as a true pink; very scarce and very desirable. Semi-rose type.
- WELCOME GUEST (Hollis)**\$1.00
Rose color, shading to paper-white; some carmine in center; semi-rose type.
- W. F. CHRISTMAN (Franklin)**\$4.00
A flesh-pink Peony of rose type; very refined in appearance both in color and form.

Lee R. Bonnewitz, Van Wert, Ohio

WIESBADEN (Goos & Koenemann) \$2.50

Outer petals good lilac-pink fading to flesh-pink and cream white in center; some carmine markings; semi-rose type.

WILLIAM F. TURNER (Shaylor) \$2.50

A very large, dark red Peony which usually blooms for me either on the same day or one day later than Richard Carvel; it is taller, the bloom is larger and I believe that it has a better color than Richard Carvel. Semi-double.

WILTON LOCKWOOD (Shaylor) \$10.00

Very large flat flowers of deep pink color. One of the most desirable of all the Shaylor Peonies.

SINGLE PEONIES

CARNOT (Dessert) \$1.00

A single Peony, bright carmine-red color, with prominent yellow stamens.

KELWAY'S WILD ROSE (Kelway) \$1.50

Rose shading to white at center; prominent yellow stamens. This medium size single Peony is similar in form and color to the native American Wild Rose, and is one of the best sellers in our list.

LA FIANCEE (Dessert) \$2.00

Very large, pure white flowers, which are in a class with Le Jour for size and beauty.

LA FRAICHEUR (Dessert) \$1.50

A light pink single which fades to white.

LE JOUR (Shaylor) \$4.00

A pure white single Peony of the largest size, with prominent yellow stamens and showing red stigmas; large broad petals. Very desirable and quite scarce.

L'ETINCELANTE (Dessert) \$1.50

A deep rose single Peony with broad petals, edged silver. Early.

LUCIENNE (Dessert) \$1.00

A single Peony, white, tinted pink.

MADELEINE GAUTHIER (Dessert) \$2.00

A flesh-pink single Peony which fades to white; prominent yellow stamens.

MAFEKING (Kelway) \$2.00

A splendid bright red single Peony with prominent yellow stamens. Early.

MARGUERITE DESSERT (Dessert) \$4.00

A white single Peony tinted pink; prominent golden stamens.

MISTRAL (Dessert) \$1.00

A medium size, deep rose single Peony with prominent yellow stamens.

CA Descriptive Peony List

- NELLIE (Kelway)**\$2.00
One of the very best single Peonies, but it needs to be disbudded in order to grow extra large blooms. The color is a friendly shade of pink.
- OTHELLO (Dessert)**\$1.00
A carmine single Peony which fades to deep rose color; prominent yellow stamens.
- PERLE BLANCHE (Dessert)**\$1.00
A good single Peony of pure white.
- PERLE ROSE (Dessert)**\$1.00
A clear, light rose single Peony, petals edged with silver.
- PRIDE OF LANGPORT (Kelway)**\$5.00
A very large light rose single variety which blooms on tall, stiff stems; we consider it the finest Peony of its type and color. In former seasons we have been unable to supply the demand for this variety.
- PURE LOVE (Kelway)**\$2.50
A very large, delicate pink single variety which fades to white; almost as good as Le Jour.
- VESUVE (Dessert)**\$1.50
The darkest red single Peony in my collection.
- VENISE (Dessert)**\$1.00
A pink, single Peony with prominent yellow stamens.
- VELOUTINE (Dessert)**\$2.50
Deep rose-pink single Peony.

JAPANESE PEONIES

- ALMA (Shaylor)**\$2.50
A very large Japanese Peony with guard petals of very pale pink and with its center composed of yellow incurved petaloids mingled with the petals.
- ATTRACTION (Hollis)**\$2.00
A Japanese Peony with guard petals of deep tyrian rose; center petaloids tipped yellow.
- EILEEN KELWAY (Kelway)**\$2.00
A beautiful pink Japanese Peony which fades nearly white.
- FAUVETTE**\$1.50
A Japanese Peony nearly transformed into a double Peony. Lilac-pink lines run lengthwise through the petals.
- FLASHLIGHT (Hollis)**\$3.00
A Japanese Peony with guard petals of very deep, clear rose, and center petaloids deep yellow and rose. Fragrant.
- FUYAJO**\$15.00
Guard petals very deep red, narrow center petals dark crimson, veined and tipped cream. This is, we believe, now considered the best dark Japanese Peony in commerce. It will of course be lower in price in a few years.

Lee R. Bonnewitz, Van Wert, Ohio

ISANI GIDUI \$25.00

The very best white Japanese Peony we have ever seen. Light golden petaloids in the center. It is, of course, not worth the price at which we list it now, but we priced it too low last year and now have only a very limited stock.

KAMENO KEROGAMA \$1.00

A good Japanese Peony with guard petals of clear deep rose-pink; center petals yellow, showing some rose. This variety, we believe, is well worth the price, as it usually sells at from \$2.00 to \$4.00 a division.

KUMAGOE \$1.00

A deep rosy mauve Japanese Peony which is excellent for landscape purposes. It blooms very prolifically and holds its flowers perfectly.

MAGNIFICENCE (Kelway) \$2.00

A splendid Japanese Peony of rose color, petaloids rose and yellow. Not as large as Tokio or Tamatbako, but still very good.

MIKADO (Barr) \$2.50

The best known Japanese Peony; velvety crimson with a cushion of crimson petaloids edged and tipped gold. This variety sells better than any other Japanese Peony.

NOONDAY \$3.00

A very tall Japanese Peony, violet rose in color, with petaloids of the same shade, edged yellow.

OSHIO KUN \$0.75

A white Japanese Peony, of only medium quality.

O FUGI \$1.00

A Japanese Peony with guard petals of very light pink, and center petals or petaloids white with a slight touch of yellow.

RARE BROCADE \$1.00

A cream Japanese Peony which is in the process of transformation into a double.

SEIRIU SOMAE \$1.00

A good white Japanese Peony with a light yellow center.

SOME GANOKO \$3.00

A fine Japanese Peony with guard petals of bright carmine, surrounding a ball of yellow and carmine stamens. This variety approaches Fuyajo in quality.

TAGO NO TSUKI \$0.50

Semi-double bloom; pinkish white shaded straw color. This variety does not produce typical Japanese bloom.

TAMATBAKO \$25.00

A very large Japanese Peony with guard petals of soft, clear pink, and a large center of yellow petaloids with a few pink petaloids in the center of them. This variety has stiff stems, not quite as tall as those of Tokio. Its Japanese flowers are, we consider, the best we have ever seen at any show of the American Peony Society.

CA Descriptive Peony List

TOKIO\$6.00

This is probably the best pink Japanese Peony in commerce. Its blooms are not quite as large as those of Tamatbako, but the plant is taller, more vigorous, and multiplies very much more rapidly. The plant is more valuable for landscape work. Its blooms, we believe, excel in beauty all other pink Japanese Peonies, with the possible exception of Tamatbako, so on account of its superiority in every other way, we repeat our statement that we believe it to be the most satisfactory pink Japanese Peony in commerce.

TORPILLEUR\$2.50

A very deep rose-red Japanese variety with rose center petals, tipped cream. Not as showy as Tokio and Tamatbako, but a delightful variety for close observation.

YESO\$2.50

Pure white guard petals. Center petals are very narrow, white shaded straw-yellow and tipped with a touch of pink. Usually sold at \$5.00 and \$6.00 but we now have sufficient stock to list it at a moderate price.

The Peonies in the following list are growing in my garden, some of them two, some three and some of them four years old. I expect, if it is at all possible, to make a special study of these varieties during the 1926 blooming season, and to report my impressions of them in my Garden Notes to be published during the present season. It is probable that many of them will be offered for sale in a Supplementary Price List to be published in July or August.

Terms of Sale

Size of Roots: The roots will be the same size I have always offered and supplied; divisions with at least two strong eyes with a well balanced root system.

Delivery: All roots will be shipped between September 15th and October 15th. We advise early planting in the north, and late planting in the south. All shipments will be forwarded by express, transportation charges collect. If parcel post delivery is desired, include ten cents for each division ordered, and shipment will be forwarded by insured parcel post.

Prices: No discount given on the prices quoted. Terms cash with order.

I believe every variety I offer to be true to name but should any prove to be untrue, I will return the money paid for it.

No substitutions will be made. If I cannot furnish exactly the varieties ordered, I will return the remittance.
